Key word transformations

Hoja 05 · Nivel examen: gramática combinada con nominalización y expresiones fijas

6 ítems (preguntas 25–30) · hasta 2 puntos por ítem · tiempo orientativo: 12 minutos · sin consultar la teoría

For questions 25–30, complete the second sentence so that it has a similar meaning to the first sentence, using the word given. **Do not change the word given.** You must use between **three** and **eight** words, including the word given. Here is an example (0).

Example:

0 Everyone was surprised when the minister resigned.

CAME

The minister's resignation <u>came as a surprise to</u> everyone.

The gap can be filled by the words 'came as a surprise to', so you write:

0 CAME AS A SURPRISE TO

Write only the missing words IN CAPITAL LETTERS.

25 If the firefighters hadn't responded so quickly, the damage would have been far worse.

BEEN

_____ response, the damage would have been far worse.

27 It was wrong of you to reveal our secret about the party.

CAT

SOLUCIONES

Corrige cada ítem por mitades: 1 punto por cada mitad correcta y bien escrita. Se acepta cualquiera de las variantes indicadas; las respuestas fuera de 3–8 palabras o con la palabra clave cambiada valen 0.

25 HAD IT NOT BEEN FOR THE FIREFIGHTERS' QUICK (8 palabras)

También vale: SWIFT, **RAPID** o **PROMPT** en lugar de **QUICK**

Mitades: had it not been for | the firefighters' quick

Por qué: Dos cambios: condicional invertido y nominalización (responded so quickly → quick response). Con if no cabe: if it hadn't been for the firefighters' quick son 9 palabras. La inversión es la única forma dentro del límite.

No puntúa: *If it hadn't been for the firefighters' quick (9 palabras); *Hadn't it been for… (contracción en la inversión).

Teoría: 3.2 Condicionales sin if · 4 Nominalización

26 DID MARTIN HAVE ANY INTENTION OF (6 palabras)

También vale: HAD MARTIN HAD ANY INTENTION OF (6)

Mitades: did Martin have | any intention of

Por qué: At no point obliga a invertir; never intended se nominaliza en have any intention of + -ing. Va any porque la negación ya está en no point.

No puntúa: *did Martin have no intention of (doble negación); *did Martin have any intention to (no encaja con selling).

Teoría: 3.1 Inversión · 4 Nominalización

27 SHOULDN'T HAVE LET THE CAT OUT OF (8 palabras)

También vale: SHOULD NOT HAVE LET THE CAT OUT OF (8)

Mitades: shouldn't have | let the cat out of

Por qué: It was wrong of you to → shouldn't have + participio. Let the cat out of the bag = revelar un secreto.

No puntúa: *oughtn't to have let the cat out of (9 palabras); *shouldn't have let the cat out from.

Teoría: 3.5 Modales perfectos · 5.2 Idioms

28 ENTIRELY DOWN TO (3 palabras)

También vale: SOLELY DOWN TO (3) · **WHOLLY DOWN TO** (3) · **ALL DOWN TO** (3)

Mitades: entirely / solely | down to

Por qué: Be down to sth = deberse a algo. Con down to solo serían 2 palabras: hace falta un adverbio, que además recoge the only reason.

No puntúa: *down to (2 palabras); *entirely due to (no usa la clave).

Teoría: 5.1 Verbos comodín (put sth down to)

29 ARE AT STAKE IN (4 palabras)

También vale: COULD BE AT STAKE IN (5)

Mitades: are at stake | in

Por qué: At stake = en juego, en peligro. Resume la condición entera (could be lost if they fail).

No puntúa: *are at the stake in; *are on stake in.

Teoría: 5.2 Idioms

30 **ONLY WAS THE SCHEME EXPENSIVE, BUT IT** (7 palabras)

También vale: ONLY WAS THE SCHEME EXPENSIVE, IT (6)

Mitades: only was the scheme expensive | but it

Por qué: Not only al principio obliga a invertir en la primera parte; la segunda (but it also…) va en orden normal.

No puntúa: *only the scheme was expensive, but it (sin inversión); *only was the scheme expensive, but did it (inversión en la segunda parte).

Teoría: 3.1 Inversión
